Description

Determinate potato leaf Dwarf that will reach from 1.20-1.50 m tall by the end of the growing season, and produce variably shaped (oblate to round), smooth, bright yellow fruit in the 200-500 gr range, that take on a pronounced pink blossom end blush when very ripe. The fruit have a well balanced, full, delicious flavor with particularly sweet overtones. Seems to be quite disease tolerant and one of the more prolific of the new
