Cucumbers: RODNICHOK F1 Cucumber

Description

Original Russian cucumber seeds (from Russian Seed Company „Gavrish“). The perfect pickling cucumber - petite and crunchy. One of the best Russian varieties! Early hybrid (48-55 days). This 7-10 cm pickling cucumber produces fruit on every node. You can eat these cute little cukes fresh too, if you harvest them young, when the already small seed cavities are smaller. Perfect in salads or as a snack. Great disease resistance. In greenhouses RODNICHOK gives a great harvest of high quality fruit (15-25 kg/m). Exclusive and perfect.
