Description

The perfect pickling pepper, SWEET PICKLE looks as good as it tastes with colorful "Christmas tree light". The crowning glory of an elite class of peppers that is both highly ornamental and edible. Compact plants are covered with upright fruits in red, orange, yellow and purple, all at the same time! These peppers are about 4-5 cm long, tapering to a blunt end. Thick-walled and very sweet, they hold up beautifully on the plant, and keep their color, shape, and texture nicely when pickled.
