Description

The deliciously sweet, dark-red, strawberry-shaped fruits of Tomato 'Berry' are produced in long, cascading trusses. The appealing shape and superb flavor of these small, 10-15 gr cherry tomatoes makes them ideal for adding to children's lunchboxes, salads and sandwiches. This tomato has thick flesh and small jelly parts, very delicious and unique felling taste. Fruits with top eating quality and unique appearance are very attractive in the marketplaces, easy to sell at premium prices and use in the gourmet restorants. This early ripening cordon variety is best grown in the greenhouse, but will also grow in a sheltered, sunny spot outdoors. Crack resistant and very productive. This is an indeterminate variety.
