Description

Mid season variety (75-85 days from transplant). Indeterminate. BLACK CHERRY is a lovely jewel of a tomato, still fairly rare, they are the only truly black cherry tomato available. Perfectly round with the classic black tomato flavor, sweet yet rich and complex.

The plant produces huge clusters of 2.5cm round, deep purple, mahogany-brown cherry tomatoes. The fruit picks clean from the stem. Easy to grow and disease resistant, they can be grown in the greenhouse or outdoors in a sunny spot. Black Cherry produces fruits that are irresistibly delicious with sweet, rich, complex, full tomato flavors.
