Description

Mid season. Determinate variety, growing 60 cm tall with regular foliage. Variety is very productive. The fruits are very beautiful shape and exotic color - dark green with yellow strokes and streaks, with antocian streaks on the shoulders. The fruits are heart-shaped plums with a little nipple on it's blossom end, weight 60-80 grams. The taste is sweet with a refreshing hint of sourness. There is a rich fruity aroma. The pulp is quite juicy and fleshy. Suitable for fresh consumption and for any kind of processing. Variety developed by Ruslan Doohov (Ukraine)
